

We're minutes from the casinos but far from anything else you'll experience in Atlantic City.

New Jersey's tallest lighthouse awaits you at Pacific and Rhode Island Avenues in Atlantic City (walking distance from Showboat Casino).

Take an amazing journey into time and above it all as you ascend the 228 steps of the Absecon Lighthouse, one of the oldest lighthouses in the country. You'll see breathtaking views of the Atlantic City skyline and up top you'll come face-to-face with the original first-order Fresnel Lens, first lit in 1857.

The lighthouse's recent multi-million dollar restoration also includes a stunning replica of the Lightkeeper's dwelling, an educational museum, charming gift shop and expansive grounds.

We invite you to become a member or stop by for an unforgettable visit.
